Section 1: Product and Company Identification

Product Name: Dricap® Desiccant

Synonym:

Company Name
Ted Pella, Inc., P.O. Box 492477, Redding, CA 96049-2477
Inside USA and Canada 1-800-237-3526 (Mon-Thu. 6:00AM to 4:30PM PST; Fri 6:00AM to 4:00PM PST)
Outside USA and Canada 1-530-243-2200 (Mon-Thu. 6:00AM to 4:30PM PST; Fri 6:00AM to 4:00PM PST)
CHEMTREC USA and Canada Emergency Contact Number 1-800-424-9300 24 hours a day
CHEMTREC Outside USA and Canada Emergency Contact Number +1-703-741-5970 24 hours a day

Section 2: Hazard Identification

GHS Pictograms: None associated with this material.

GHS Categories: Not a hazardous substance or mixture.

GHS classification of the substance or mixture: Not a hazardous substance or mixture

Signal Word: None

Health Effects:
NFPA Hazard Rating: Health: ND; Fire: ND; Reactivity: ND
HMIS® Hazard Rating: Health: 1; Fire: 0; Reactivity: 0
(0=least, 1=Slight, 2=Moderate, 3=High, 4=Extreme)

Results of PBT and vPvB assessment: A chemical safety assessment has not been carried out.
PBT: NA
vPvB: NA

Emergency overview:
Appearance: A clear plastic cylinder containing a blue granular material that poses no hazard. There is no exposure to the contents of the cylinder. The silica gel is not combustible but the cylinder itself is combustible. This product is an article. Not a hazardous substance or mixture according to the Global Harmonized System (GHS).
Immediate effects:

Potential health effects
Primary Routes of entry:
Signs and Symptoms of Overexposure: NA
Eyes: None
Skin: None
Ingestion: Ingestion is unlikely, however, could cause blockage if it occurs. Get medical attention.
Inhalation: None
Chronic Exposure: None
Chemical Listed As Carcinogen or Potential Carcinogen: None
See Toxicological Information (Section 11)
Potential environmental effects
See Ecological Information (Section 12)

Section 3: Composition / Information on Ingredients

Section 4: First Aid Measures
The following does not apply to the Dricap® cylinder but applies if the Dricap® is cut open and the person is exposed to the contents.

If accidental overexposure is suspected:
Eye(s) Contact: Rinse eyes well with water while lifting the eye lids. If irritation persists, consult a physician.
Skin Contact: Wash affected area with soap and water.
Inhalation: NA
Ingestion: Ingestion is unlikely, however, could cause blockage if it occurs. Get medical attention.
Note to physician
Treatment: NA
Medical Conditions generally Aggravated by Exposure: NA

Section 5: Fire Fighting Measures
Flash Point: NA
Flammable Limits: Not flammable.
Auto-ignition point: NA
Fire Extinguishing Media: Use extinguishing media that is appropriate for the surrounding fire. Silica gel is not combustible but the cylinder itself is combustible.
Fire Fighting Procedures: The silica gel is not combustible; however the cylinder itself is combustible.
Unusual Fire and Explosion Hazards: None.
Hazardous combustion products:
DOT Class: Not regulated.

Section 6: Accidental Release Measures
Steps to be taken in Case Material is Released or Spilled: Sweep or vacuum up and place the spilled material in a waste disposal container. Wash with soap and water after handling. Refer to Section 8 for personal protective equipment.
Waste Disposal Methods: Dispose of waste according to Federal, State and Local Regulations.
Section 7: Handling and Storage
Precautions to be taken in Handling and Storage: Minimize contact between the worker and the material. Practice good hygienic work practices.
Storage temperature: Store in a cool, dry location. Keep in sealed containers away from moisture. The silica gel will readily adsorb moisture.
Storage Pressure: ND

Section 8: Exposure Controls / Personal Protection
Engineering Controls
Ventilation required: NA

Personal Protection Equipment
Respiratory protection: NA
Protective gloves: Protective gloves.
Skin protection: Protective gloves.
Eye protection: NA
Additional clothing and/or equipment:

Exposure Guidelines
See Composition/Information on Ingredients (Section 3)

Section 9 Physical and Chemical Properties
Appearance and Physical State: Clear cylinder containing a granular material.
Odor (threshold): None
Specific Gravity (H₂O=1): NA
Vapor Pressure (mm Hg): NA
Vapor Density (air=1): NA
Percent Volatile by volume: NA
Evaporation Rate (butyl acetate=1): NA
Boiling Point: NA
Freezing point / melting point: NA
pH: NA
Solubility in Water: Insoluble.
Molecular Weight: ND

Section 10: Stability and Reactivity
Stability: Stable
Conditions to Avoid: Moisture and high humidity environments will reduce the desiccating capacity.
Materials to Avoid (Incompatibility): Water, fluorine, oxygen difluoride, chlorine trifluoride.
Hazardous Decomposition Products: None.
Hazardous Polymerization: Will not occur.

Section 11: Toxicological Information
The following toxicological information refers to the contents of the cylinder. In normal use, there is no exposure to the contents.
Results of component toxicity test performed:
Animal Toxicology: Tests for DOT Hazard classification:
(Tests Conducted on finely ground silica gel)
1 - hour LC50 (rat) > 2 mg / l
48 - hour oral LD50 (rat) est. > 31,600 mg / kg
48 - hour dermal LD50 (rabbit) est. > 2,000 mg / kg
- Considered an ocular irritant
Human experience: Silica gel is synthetic amorphous silica not to be confused with crystalline silica. Epidemiological studies indicate low potential for adverse health effects. In the activated form, silica gel acts as a desiccant and can cause a drying irritation of the mucous membranes and skin in cases of severe exposure. This product does not contain any compounds listed by NTP or IARC or regulated by OSHA as a carcinogen. IARC: Amorphous silica gel IARC - 3 (Unclassifiable as to Carcinogenicity in Humans)
Cobalt chloride IARC – 2B – (Possibly carcinogenic to humans)

Section 12: Ecological Information
Ecological Information:
Environmental: Not hazardous
Eco toxicity:
*Freshwater Algae Data 72 hour EC50 Selenastrum capricomutum: 440mg / L
* Freshwater Fish Species Data 96 hour LC50Brachydanio rerio: 5,000 mg / L (static)
* Water Flea Data 48 hour EC50 Ceriodaphnia: 7,600 mg / L
*Silica, amorphous
Persistence and degradability: Not available
Bio accumulative potential: Not available
Mobility in soil: Not available
Other adverse effects: Not available
Chemical Fate Information: ND

Section 13 Disposal Considerations
RCRA 40 CFR 261 Classifications: None
Materials of a hazardous nature that contact the product during normal use may be retained on the product. The user of the product must identify the hazards associated with the retained material in order to assess the waste disposal options. Dispose according to federal, state, provincial and local regulations.

Section 14: Transportation Information
US DOT Information: Proper shipping name: Not regulated
IATA: Proper shipping name: Not regulated
Marine Pollutant: No
Canadian TDG: Not regulated

Section 15: Regulatory Information
United States Federal Regulations
SARA: No ingredients are listed.
SARA Title III: No ingredients are listed.
RCRA: Not listed.
TSCA: All components are listed on the TSCA public inventory.
CERCLA: No ingredients are listed.
State Regulations
California Proposition 65: No ingredients are listed.
International Regulations
Canada WHMIS: ND
Europe EINECS Numbers:
Synthetic amorphous precipitated silica gel (SiO2) (112926-00-5) EC No: 231-545-4
Cobalt Chloride (7646-79-9) EC No: 231-589-4
Cellulose acetate propionate (9004-39-1) EC No: 618-383-3

Section 16: Other Information
Label Information: See section 2
European Risk and Safety Phrases: NA
European symbols needed: NA
Canadian WHMIS Symbols: NA
