Section 1: Product and Company Identification
Product Name: Colloidal Silica CS1, Average Particle Size 80 nm
Synonym: Colloidal Silica
Company Name
Ted Pella, Inc., P.O. Box 492477, Redding, CA 96049-2477
  Inside USA and Canada 1-800-237-3526 (Mon-Thu. 6:00AM to 4:30PM PST; Fri 6:00AM to 4:00PM PST)
  Outside USA and Canada 1-530-243-2200 (Mon-Thu. 6:00AM to 4:30PM PST; Fri 6:00AM to 4:00PM PST)
CHEMTREC USA and Canada Emergency Contact Number 1-800-424-9300 24 hours a day
CHEMTREC Outside USA and Canada Emergency Contact Number +1-703-741-5970 24 hours a day

Section 2: Hazard Identification
GHS Classification: Non Hazardous
IDLH (Immediate Danger to Life and Health: None
Physical Hazards: Not Classified.
Health Hazards: Classification of the Substance or Mixture Dry Dust/Inhalation):
Skin Sensitisation – Category 1
Serious Eye Damage/Eye Irritation- Category 1

GHS Label elements for Dry Dust Only.

Hazard Pictograms

Signal Word: Warning

Hazard Statements for Dry Dust:
H318  Causes serious eye damage
H315  Causes skin irritation.
H335  May cause respiratory irritation.
H313  May be harmful in contact with the skin.

Precautionary Statements for Dry Dust:
P202  Do not handle until all safety precautions have been read and understood.
P233  Keep container tightly closed.
P260  Do not breathe dust.
P264  Wash thoroughly after handling.
P281  Wear protective gloves, clothing, eye protection, and face protection.

Precautionary Response:
P305  IF IN EYES: Rinse cautiously with water for 15 minutes.
P304+P340  IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.
P303+P332 IF ON SKIN: Wash with plenty of water. If skin irritation occurs: Get medical advice. Take off contaminated clothing and wash it before reuse.

2.3 Other hazards

IDLH (Immediate Danger to Life and Health): None

Health Effects:
NFPA Hazard Rating: ND
HMIS® Hazard Rating: Health: 1; Fire: 0; Reactivity: 0
(0=least, 1=Slight, 2=Moderate, 3=High, 4=Extreme)

Results of PBT and vPvB assessment:
PBT: ND
vPvB: ND

Emergency overview
Appearance: Blue liquid.
Immediate effects: May cause slight irritation to skin and eyes.

Potential health effects
Signs and Symptoms of Overexposure: ND
Eyes: Slightly irritating, high concentrations may cause conjunctivitis, not corrosive
Skin: Non-irritating to rabbit skin and non-sensitizing to guinea pig skin. Very low toxicity by absorption.
Ingestion: Very low toxicity.
Inhalation: Spray mist or dry dust may cause congestion, coughing, granuloma in lungs.
Chronic Exposure: ND
Chemical Listed as Carcinogen or Potential Carcinogen: None
See Toxicological Information (Section 11)

Potential environmental effects
See Ecological Information (Section 12)

Hazardous mixtures: None.

Section 4: First Aid Measures
If accidental overexposure is suspected
Eye(s) Contact: Immediately rinse with water for a prolonged period while holding the eyelids wide open. Seek medical attention if material is embedded in eye. If eye irritation persists: Get medical advice and attention.

Skin Contact: Rinse immediately with plenty of water. Gently wash with plenty of soap and water. Obtain medical attention if irritation persists.

Inhalation: If inhaled, remove to fresh air and keep at rest in a position comfortable for breathing. Obtain medical attention if breathing difficulty persists.

Ingestion: If swallowed, do not induce vomiting: seek medical advice immediately and show this container or label. Drink 1 or 2 glasses of water. If vomiting occurs, keep head low so that stomach content does not get into the lungs.

**Note to physician**

Treatment: ND

Medical Conditions generally Aggravated by Exposure: ND

---

**Section 5: Fire Fighting Measures**

Flash Point: Will not burn.

Flammable Limits: NA

Auto-ignition point: NA

Fire Extinguishing Media: Use ABC-type fire extinguisher for surrounding fire.

Special Fire Fighting Procedures: Use full-face self-contained breathing apparatus and impervious clothing for chemical fires.

Unusual Fire and Explosion Hazards: NA

Hazardous combustion products: ND

DOT Class: None

---

**Section 6: Accidental Release Measures**

Steps to be Taken in Case Material is Released or Spilled:

**Personal precautions/protective equipment:** Do not touch damaged containers or spilled material unless wearing appropriate protective equipment. Keep upwind. Keep out of low lying areas. Ventilate closed spaces before entering.

**Environmental precautions:** Prevent further leakage or spillage and comply with local, state and federal regulations.

**Methods/materials for containment and cleanup:** If product has dried, avoid generation of dust during clean-up of spills. Recover the dried product by vacuuming, shoveling or sweeping. Vacuum must be fitted with HEPA filter to prevent release of particulates during clean-up. Liquid product can be wiped or mopped up and disposed of accordingly.

**Waste Disposal Methods:** Dispose of waste according to Federal, State and Local Regulations.

---

**Section 7: Handling and Storage**

Precautions to be taken in Handling and Storage:

**Handling:** Do not breathe dust. Avoid generation of dust during clean-up of spills. Recover the product by vacuuming, shoveling or sweeping. Vacuum must be fitted with HEPA filter to prevent release of particulates during clean-up. Wear suitable protective clothing, gloves and eye/face protection. If airborne dust is generated, use the appropriate NIOSH-approved respiratory protection.

**Storage:** Store in original tightly closed container. Keep away from food, drink and animal feeding stuffs. Use care in handling/storage. Store in accordance with local/regional/national/international regulation. Keep out of reach of children. Always use oldest stock first.

**Storage temperature:** Cool-to-ambient.

**Storage Pressure:** NA
Section 8: Exposure Controls / Personal Protection

Engineering Controls
Ventilation required: Provide adequate general and local exhaust ventilation.

Personal Protection Equipment
Respiratory protection: Use an appropriate NIOSH approved respirator if airborne dust concentrations exceed the appropriate PEL or TLV. All requirements set forth in 29CFR1910.134 must be met.
Protective gloves: Nitrile gloves recommended.
Skin protection: Impervious gloves, apron and boots.
Eye protection: Chemical/splash goggles recommended.
Additional clothing and/or equipment: Eye wash station.

Exposure Guidelines
See Composition/Information on Ingredients (Section 3)

Section 9 Physical and Chemical Properties
Appearance and Physical State: Blue liquid.
Odor (threshold): None (NA)
Specific Gravity (H2O=1): NA
Vapor Pressure (mm Hg): NA
Vapor Density (air=1): NA
Percent Volatile by volume: NA
Evaporation Rate (butyl acetate=1): NA
Boiling Point: 100 ºC
Freezing point / melting point: 0 ºC
pH: ~10
Solubility in Water: Soluble.
Molecular Weight: NA

Section 10: Stability and Reactivity
Stability: Stable under normal conditions.
Conditions to Avoid: Extreme temperatures.
Materials to Avoid (Incompatibility): Strong oxidizers.
Hazardous Decomposition Products: Carbon and nitrogen oxides.
Hazardous Polymerization: Will not occur.

Section 11: Toxicological Information
Acute toxicity (Silicon Dioxide – 7631-86-9):
  Oral LD50 (mouse): 7000 mg/kg
  The revised IDLH is 3000 mg/m³ based on being 500x the NIOSH REL of 6 mg/m³.
Skin corrosion/irritant: Irritating to skin.
Serious eye damage/irritant: Risk of serious damage to eyes.
Target organ toxicity (single exposure): May cause respiratory/skin irritation.
Target organ toxicity (repeated exposure): May cause respiratory/skin irritation.
Human experience: ND
This product does not contain any compounds listed by NTP or IARC or regulated by OSHA as a carcinogen.
**Section 12: Ecological Information**

Ecological Information: This product is not expected to be toxic to the environment. Adopt environmental controls to prevent the product from being released into the environment.

Chemical Fate Information: ND

**Section 13: Disposal Considerations**

RCRA 40 CFR 261 Classification: ND

You may moisten the product to be swept. Federal, State and local laws governing disposal of materials can differ. Ensure proper disposal compliance with proper authorities before disposal.

**Section 14: Transportation Information**

US DOT Information: Proper shipping name: Not regulated

IATA: Proper shipping name: Not regulated

IMO: Proper shipping name: Not regulated

Marine Pollutant: No

Canadian TDG: Not regulated

**Section 15: Regulatory Information**

United States Federal Regulations

SARA: No

SARA Title III: Section 302: No. Section 311/312: No. Section 313: No.

RCRA: No

TSCA: All components are listed.

CERCLA: No reportable quantity for this product.

**State Regulations**

California Proposition 65: None

**International Regulations**

Canada WHMIS: ND

Europe EINECS Numbers: ND
